DATE MAILED: 11/17/2003

Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- | | |
|---------------------------------------|------------|
| By a small entity (Sec. 1.27(a))..... | \$665.00 |
| By other than a small entity..... | \$1,330.00 |
- (b) Issue fee for issuing a design patent:
- | | |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$240.00 |
| By other than a small entity..... | \$480.00 |
- (c) Issue fee for issuing a plant patent:
- | | |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$320.00 |
| By other than a small entity..... | \$640.00 |

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Annette Bade on November 10, 2003.

The application has been amended as follows:

IN THE SPECIFICATION

On page 1, @ line 3, "08/004,636 has been deleted and 09/004,636" has been inserted in its stead.

IN THE CLAIMS

In claim 8, @ line 1, "7" has been deleted and "17" has been inserted in its stead.

In claims 9, 10 & 14, @ line 1, "1" has been deleted and "17" has been inserted in its stead.

In claim 12, @ line 2, "comprises" has been deleted and "is" has been inserted in its stead.

In claim 17 @ line 2, "first carbon filler comprising a" has been inserted before "fluorinated".

Claims 1 and 7 have been canceled.

D

2. The following is an examiner's statement of reasons for allowance: After further consideration coupled with the amendments to the claims + Counsel's persuasive arguments, the rejections based on Hiratsuka et al(U.S. 3,717,576), Hasegawa et al(U.S. 4,141,849) and Helland et al(U.S. 4,681,830) are herein withdrawn. The instantly claimed invention is deemed allowable over the prior art of record as per said art neither anticipating nor rendering obvious the precisely defined polyvinyl butyral/phenolic resin/fluorinated carbon combination-governed seam bonding adhesive, as claimed. One having ordinary skill in the art would not have been endowed with any motivation to extrapolate the precisely defined adhesive from any of the prior art supra with any reasonable expectation of success. Hasegawa et al, meritorious of the closest prior art, teaches a developing composition defined basically as containing toner particles and finely divided graphite fluoride having the formula $(CF_x)_n$ wherein the degree of fluorination is at least 50% and wherein the toner particles comprise a dye or pigment + resin such as a phenolic resin(electrographic toners) or vinyl butyral resin(printing toners). One having ordinary skill in the art would not have been endowed with any motivation to extrapolate a polyvinyl butyral/phenolic resin/fluorinated carbon combination-governed adhesive, as claimed, from the disclosure of Hasegawa et al with any reasonable expectation of success. Moreover, too much picking and choosing would have been involved and highly unwarranted.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Judy M. Reddick whose telephone number is (703)308-4346. The examiner can normally be reached on Monday-Friday, 6:30 a.m.-3:00 p.m..
